Select Quick Suggestions

- STEP 4 -

Take photo page

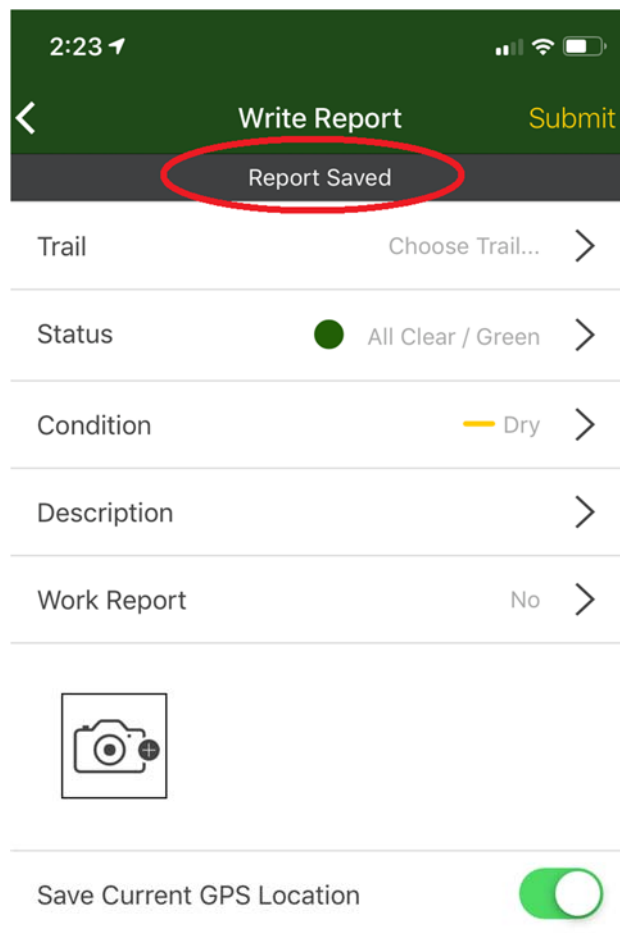

- Take Photo of the Issue With Your Bike to Give us a Proper Scale.

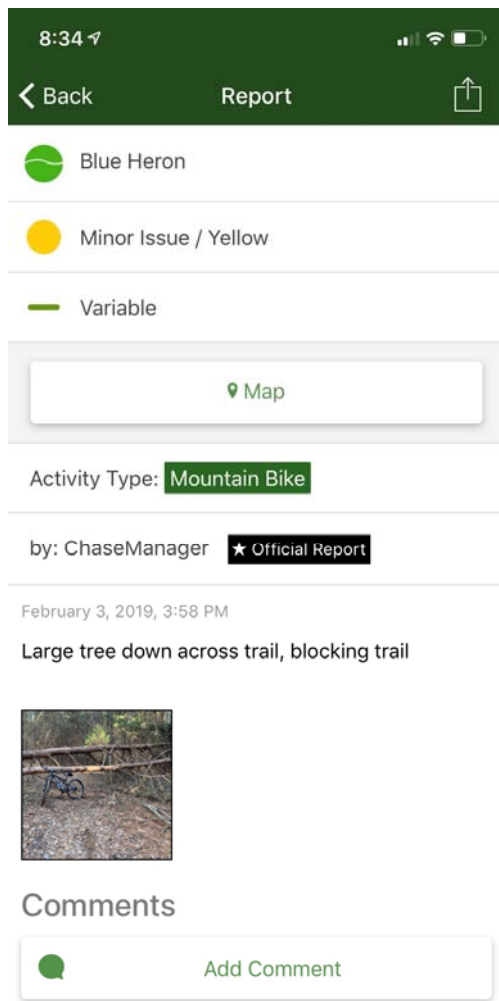

- STEP 5 -

Submit the Report.

- “Report Saved” will Appear
on the Top of the Screen

A Significant benefit of Trailforks is it shows both an image of the issue as well as the location When GPS is Enabled

Another Significant Benefit of Trailforks is it will Show the Trail Status. Whether it is Open or Closed.
